

## KANSAS NOTES.

Forty-seven ears of Cowley county corn make a bushel.

Leavenworth Knights of Pythias have ordered \$100 uniforms.

The Kansas exhibit of wool, grain, grasses and corn took the gold medal at St. Louis.

The Olathe Free Press is the designated organ of the anti-secret society party of Kansas.

According to the Seneca Courier, the Nemaha county treasury is \$1,500 ahead on liquor prosecutions.

It is claimed that Clay Centre is the only town in Kansas of 3,500 population and over, that has no saloons.

The fourth crop of alfalfa from the same ground this season, has just been cut at the State Agricultural College.

The Yates Center Argus is in favor of dropping the "Center" and calling the town simply "Yates". Good idea.

There are three red headed nominees on the Republican county ticket in Clay. They ought to make a hot campaign.

Governor Glick has employed H. Seward, son of Wm. H. Seward, as counsel in the U. P. R. cases, vice Judge Jere Black, deceased.

The El Dorado Times has been enlarged to a thirty-six column paper; so has the Newton Kansan. The Larned Optic has put on a new dress, and the Marion Graphic is building an office.

Coffee county is having a hard time with her treasurers. An investigating board has just reported that the last two treasurers are defaulters to the amount each, of ten or twelve thousand dollars.

J. W. Gilliam, a painter working for the Fort Scott and Wichita railroad company, was blown by a sudden gust of wind from a bridge in the Flint Hills, fell a distance of 54 feet and broke both legs. His injuries proved fatal.

Passenger trains from the east and north to Kansas City are crowded with people coming to Kansas and going to Texas and the south. Trains over the Fort Scott & Gulf are so over-crowded that it is difficult to get coaches enough to accommodate the travel.

Kingman Citizen: Not less than a dozen new school houses are being erected in this county this fall. It is a peculiar characteristic of our settlers, that a substantial school building shall be erected ere the sod shanty is completed, which shelters the family.

Kansas weather is child-like and bland, while up in Iowa and Minnesota it is cold, raw and freezing. Persons who leave Kansas in search of a good climate invariably return, disgusted with the cold of the North and the heat of the South. For a fair, average climate, Kansas will do to the to, although Kansas sometimes has a great deal of climate to the square foot.

This corn story is from the Fort Scott Monitor of Tuesday: "The special premium of \$10, offered by Davis & Co., for the largest yield per acre of any corn crop in the county, was taken in by J. W. Fairman, two disinterested parties making oath before a notary, that they husked and measured the corn exhibited by Mr. Fairman, and that it yielded 113 bushels per acre. (Mr. Fairman is one of the most prominent farmers of Scott township (Bourbon county) and it is a pleasure to the Monitor to see him carry off the first honors at the fair.)"

Atholston Champion: Accepting the estimates of the State Board as approximately correct, the products of Kansas for the year 1883 will aggregate as follows:

Corn.	Yield in bushels.
Wheat.	2,586,778
Wheat.	25,382,901
Oats.	29,298,919
Rye.	4,832,206
Barley.	4,832,206
Flax.	5,438,000
Castor Beans.	1,191,721
Black wheat.	141,471
Sweet potatoes.	18,500
Total.	27,339,884

This is an average of about 277 bushels of grain to every man, woman and child in the State.

Kansas has also 2,084,219 acres of prairie grass under fence, and 452,016 acres of cattle; 95,844 of Timothy; 63,408 of clover, and 47,068 of other tame grasses, making an aggregate of 7,780,148 acres of meadow lands, which will produce at least 5,000,000 tons of hay.

The State has, also, 102,440 acres in sorghum, and 63,971 acres in broom corn, besides a considerable area in hemp, tobacco, pearl millet, rice corn and other crops.

The total area planted this year, in the principal crops, was as follows:

Corn.....	Acres.....
Winter wheat.....	1,513,180
Spring wheat.....	90,917
Oats.....	49,572
Flax.....	125,422
Rye.....	321,565
Barley.....	321,565
Castor beans.....	13,438
Broom corn.....	68,841
Irish potatoes.....	38,406
Sorghum.....	102,440
Black wheat.....	2,170
Rice corn.....	21,411
Timothy meadow.....	95,844
Clover meadow.....	38,406
Other tame grasses.....	47,068
Prairie meadow.....	3,084,219

Minor crops, such as sweet potatoes, hemp, tobacco, cotton, etc., will swell this to over eleven million acres, and 4 acres of tame and prairie grasses used for pasture, will make the aggregate over twelve million acres.

The November number of the North American Review will contain a contribution from Dr. Norvin Green, president of the Western Union company, in opposition to the proposed government management of the telegraph; also, an article on John Brown, by the Rev. David N. Utter, which is calculated to seriously affect the popular estimate of the hero of Ossawatimie.

IMPORTANT explorations are being carried on in Alaska, and we may hope in a short time to learn something of that far off country. Travelers say that some parts of it have every appearance of being rich in minerals and assert that it is not unlikely to become a new California.

### THE CHEAPEST YET.

#### A Rare Chance For Everybody!

No live man, who desires to be well informed as to what is occurring in the live-stock, agricultural and commercial circles of the great New West, can afford to do without the old reliable **LIVE STOCK INDICATOR**, of Kansas City. No other stock or farm paper begins to equal it for Western men, and its market reports are absolutely the best made—not quotations, but actual transactions, and copied as authority everywhere. The regular price is \$1.50 per year, but we have a special arrangement by which we can furnish THE INDICATOR one year (and balance of 1883 free) with the REGISTER, at only \$2.40 for both.

Hand in your subscriptions at once and take advantage of this extraordinary offer.

Address THE INDICATOR, at Kansas City, for free sample copies.

A legal gentleman met a brother lawyer one day last week, and the following conversation took place: "Well, Judge, how is business?" "Dull, dull; I am living on faith and hope." "Oh, very good, but I have got past you, for I'm living on charity."—*Ex.*

### The Bible.

If the Bible were a weekly journal how many communications would it receive signed "Constant Reader." But thousands of people have signed their names in favor of Swayne's Pills, which are purely vegetable, and say they are the best family pill in the market, as they cure more diseases of the human system than any other, all for a quarter of a dollar. No household is complete without them. They are composed of the juices of plants. They are just the pill for female irregularities, cleansing the system of all humors and are both safe and reliable.

The window in a dentist's office came down and caught a cat by the tail while he was out, and fourteen people who would have waited for his return, on going up stairs and hearing the cat's voice, decided to go home and stand the pain of the toothache.

### Never Give Up.

If you are suffering with low and depressed spirits, loss of appetite, general debility, disordered blood, weak constitution, headache, or any disease of a bilious nature, by all means procure a bottle of Electric Bitters. You will be surprised to see the rapid improvement that will follow; you will be inspired with new life; strength and activity will return; pain and misery will cease, and henceforth you will rejoice in the praise of Electric Bitters. Sold at fifty cents a bottle by Goodhue & Evans.

It is authoritatively said, all statements to the contrary notwithstanding, that Longfellow got his inspiration for "The Skiff in Armor," while viewing the ladies in bathing at Newport.

Palmer Bros., LaCrosse, Wis., say: "We have had occasion to give Cole's Veterinary Carbolic Acid the severest tests, and we never saw its equal for the cure of cuts, galls, scratches, hoof diseases, and as a general remedy for horses. It cures with, leaving a scar, and the hair always comes in its natural color." Price, 50 cents and \$1. per box. Sold by Goodhue & Evans.

A Vermont editor, in publishing one of Byron's poems, changed the words "Ode" to "Ode," "gosh" because the former was too profane for his readers.

Bucklen's Arnica Salve. The greatest medicinal wonder of the world. Warranted to speedily cure burns, bruises, cuts, ulcers, salt rheum, hemorrhoids, eczema, piles, chilblains, corns, tetter, chapped hands, and all skin eruptions, guaranteed to cure in every instance, or money refunded. 25 cents per box. For sale by Goodhue & Evans.

Ladies approve of your smoking "Little Jokers."

**DR. JOHN BULL'S Smith's Tonic Syrup**

FOR THE CURE OF FEVER and AGUE

Or CHILLS and FEVER, AND ALL MALARIAL DISEASES.

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the cure of FEVER and AGUE, CHILLS and FEVER, and all malarial diseases. It is a powerful and reliable remedy, and has been used for many years with the most successful results. It is a powerful and reliable remedy, and has been used for many years with the most successful results. It is a powerful and reliable remedy, and has been used for many years with the most successful results.

**DR. JOHN BULL'S SMITH'S TONIC SYRUP, BULL'S SARSAPARILLA, BULL'S WORM DESTROYER.**

The Popular Remedies of the Day. Principal Office, 222 Main St., NEW YORK, N.Y.

**WATER'S OINTMENT**

**THE GREAT CURE FOR ITCHING PILES**

Is not signing a pledge or taking a solemn oath that cannot be kept, because of the non-removal of the cause—liquor. The way to make a man temperate is to kill the desire for those dreadful artificial stimulants that carry so many bright intellects to premature graves, and desolation, strife and unhappiness into so many families.

It is a well authenticated fact that many medicines, especially "bitters," are nothing but cheap whiskey vilely concocted for use in local option countries. Such is not the case with Brown's Iron Bitters. It is a medicine, a cure for weakness and decay in the nervous, muscular, and digestive organs of the body, producing good, rich blood, health and strength. Try one bottle. Price \$1.00.
